

23 May 2023

Dear Parent/Guardian

Year 11 Information Evening – Thursday 22nd June 2023

As we approach the end of the academic year, I would like to take this opportunity to invite you to an information evening focused on exam preparation. The event will be held on Thursday 22nd June at 6pm in the main school hall.

At this crucial stage in our students' education, it is important for us, as parents and educators, to come together and ensure that our children are adequately prepared to face their upcoming exams with confidence and success. The information evening will serve as an opportunity to share valuable insights, strategies, and resources that can support our students in achieving their full potential.

We are intending to look at how your child can revise, by exploring a range of revision strategies, which include both online platforms and more traditional methods; also, how you can help with revision. We are also going to discuss how to help your child plan their time, creating a revision timetable, which ensures that hobbies can still be pursued. We will also discuss how to tackle different subject areas. As well as focusing on how to keep your child motivated over this period of time so that they can achieve their potential. There will also be opportunities for questions and discussions, allowing you to gain valuable insights from both the staff and fellow parents.

We strongly believe that your participation in this information evening will greatly benefit both you and your child. Together, we can empower our students to excel academically and achieve their goals.

Thank you for your continued support and dedication.

Yours sincerely

A Hollands
