

Annual SEND Report to Governors

April 2024

Mrs Hewardine - Headteacher

Our School Profile

Over the past four years St Peter and St Paul Academy has seen a significant increase in the number of students on the SEND register. We currently have 170 students on the school SEND register, this represents 28.14% of the whole school cohort. National average is 17.3%.

The number of students with an Education, Health and Care Plan (EHCP) is currently 49. This represents 8.11% of the school and is above the national average which currently sits at 2.4% for secondary school students.

We also have significant number of students who are on SEN Support, 121 pupils in total, 20.03% of the school cohort. Again, this is above the national average.

SEND Review July 2021

An independent review of Special Educational Needs and Disability (SEND) provision at the school in July 2021 confirmed that St Peter and St Paul Catholic Academy continues to provide an inclusive education for SEND students enabling equality of opportunity and high achievement for all students, regardless of specific need or disability.

Areas of strength identified during the review

- There is strong leadership from the SENDCo. Evident in observation of the SENDCo during the review and in comments from staff and parents.
- SENDCo is well supported by the SEND Team and School Leadership.
- Consistency in responses about SEND across the school; leaders, teaching staff, TAs, parents, pupils, governors.
- Calm, positive feeling around school and in lessons. The behaviour of pupils was excellent.
- SENDCo has a clear view of SEND provision and how to develop this. Evident in current action plan and plan to develop in 21/22.
- Work on SEND with stakeholders including governance and parents.
- SEND Systems are cohesive. Staff know and use them.
- The school offer to support pupils with SEND is strong, both interventions and in class.
- The Student Support Hub is a real success – well thought through, effective and with plans to develop further.

Areas to develop identified during the review.

- Monitoring of SEND Champions work with departments to ensure consistency.
- Consider when to move to specific, targeted SEN focused CPD for groups and individuals.
- Ensure the needs of pupils on SEN Support are as well-known as those with EHCPs.
- Consider CPD needs of TAs to ensure confidence to support in all subjects they are asked to.
- Consider communication system between Student Support and teaching staff for pupils who use Student Support exclusively for a particular subject.
- Carry out strategic review of SEN register to ensure confidence in figures.

Identifying pupils with SEND

Students are identified at primary school level and the information is then transferred to St Peter and St Paul through transition meetings. This is further supported by visits by the students to St Peter and St Paul.

If a student has not been identified by the primary school and we are concerned about their progress after they have started with us or after data drops, we complete an analysis to identify if this is specific to one subject or across the board. This includes observations, work scrutiny and requesting specific information from teachers about any concerns and the intervention they have in place for them. We contact parents/carers to discuss our concerns and seek their input.

On the staff intranet there is a proforma for teachers to fill out if they have a concern about a student's lack of progress – this would be considered alongside all other relevant information, and a plan of action agreed between the SEND team, student, parents/carers and staff.

Working with outside agencies can sometimes lead to the identification of a student in need of a greater level of intervention. For example, working with the OT team, early help and many other agencies we have regular contact with. Partnership working is vital in understanding the student's context inside and outside of the academy. This level of working is a priority at SSPP.

Analysis of Quality of Student Profiles

A pupil passport is written for every student on the SEND Register. Passports outline their strengths and needs, are outcomes based and provide strategies for teachers and teaching assistants to support these outcomes. Each passport is reviewed three times each year on average.

We continue to work with the Local Authority on applying for EHC for pupils with specific needs. We have also been working with the Local Authority on finding appropriate settings for pupils with needs which are significantly challenging and for whom the mainstream setting is not appropriate. We have been successful with gaining two placements in the last academic year.

The SENDCo regularly meets with the Headteacher and the link governor (this has been more challenging this academic year due to circumstances)

SEND Funding

The SENCO and Headteacher are in charge of how the SEND funding is allocated and spent. A significant amount of the funding is spent on resources and staff.

As of April 2024, **49 pupils** have an EHCP which equates to **1205.25 hours per week**. The funding we should receive annual from Lincolnshire County Council is **£640,359.13**

We currently employ **20 Teaching Assistants** and **1 Deputy SENCO**. We are currently recruiting **one** additional TA.

Staff	Hours
12 Full Time Teaching Assistants	32.5 hours per week
8 Part Time Teaching Assistants	6 x 19.5 hours per week 2 x 26 hours per week
1 Deputy SENCO	19.5 hours per week

SEND Funding is also spent on targeted intervention. This is when a child needs additional support with reading, learning to spell or some subject specific guidance, one to one or small group intervention is offered. Interventions are delivered during form times, so students do not miss their timetabled lessons.

Targeted Interventions September 2023

- Fresh Start Literacy Programme
- Toe by Toe

- Paired Reading
- Numeracy intervention
- Memory Skills
- Emotional Wellbeing Mentors
- Anger Management
- Support for Young Careers
- Faith in Families – talking therapy for students

- EAL Intervention

Where pupils with SEND are also eligible for the pupil premium, pupil premium funding is also used to fund additional interventions, resources and extracurricular activities. Within the last year, pupil premium funding has been used to support;

- Educational Psychologist Assessments
- Sensory Assessment
- Intervention resources / staffing

Staff Development

The school employs a mixture of external and internal training to ensure that staff have the necessary skills to be able to support our SEND students.

External Training

- SENCOs continue to attend Local Authority and Regional Training Agency sessions to keep up to date with Code of Practice;
- TA have attended a range of online courses by external agencies.
- TA training by the educational psychologist
- First Aid Training
- Epipen and Diabetes Training – School Nurses
- Whole school training on ‘trauma based approach’ and ‘de-escalation’

In house training

- SEND team meet twice per half term for SEND department meetings to share effective practice;
- Whole staff INSETs delivered by SENCOs on topics including ‘Closing the Gap, ‘Deployment of Teaching Assistants in lessons’, Attachment Disorder, Dyslexia, ASD, ADHD, etc
- Feedback to teachers and teaching assistants following programme of Learning Walks
- A bespoke SEND delivery this academic year which has been a part of the whole school CPD programme

Work with External Agencies

We are fortunate to be able to work in a range of external agencies to support your child if needed:

- Educational Psychologist – 10 days’ support per year. The educational psychologist’s time is used for students with significant learning or emotional, behavioural or mental health problems, training for staff and support for parents through the Parents’ Forum
